Information sheet No. 5: Creative activities ISIJ 2018

Origami and Chess club

Participants of ISIJ 2018 designed their gifts-messages of good to the juniors of the next years to the Museum of Olympic Informatics – as the first students of ISIJ, using origami algorithms with coach Lily. It's a butterfly, hearts, cranes... They wished all the creativity and warmth of heart!

Chess for programmers is an algorithmic training. Coach Alexander held a warm-up and chess tournament with the participants of the isij school. Mikhail from Omsk (right) won!
